

Behavior Instructor

Behavior Frontiers, LLC is a leading agency providing applied behavior analysis (ABA) treatment to help children with autism and other special needs to reach their full potential. Our expert team of Board Certified Behavior Analysts (BCBAs) and highly trained behavior instructors use state-of-the-art ABA methods to teach children social, communication, play, cognitive, and self-care skills, while reducing problem behaviors. We are seeking energetic and career-minded individuals to join our team. Behavior Frontiers will provide all the training needed for new behavior instructors to be able to make a positive difference in the lives of children with autism spectrum disorders. We encourage you to find out more about Behavior Frontiers by visiting our website at: www.behaviorfrontiers.com.

Behavior Instructors:

Help children with autism and other special needs to meet their goals using proven ABA methods in a variety of settings, such as the school, home, or community. Behavior Instructors receive extensive training in effective ABA methods, such as discrete trial teaching (DTT), naturalistic teaching strategies (NATS), and verbal behavior (VB). Our behavior supervisors provide on-going support and guidance to behavior instructors to assist them with accurate implementation of treatment programs.
